STAT

Dear Mr. Idan:

I wish to thank you so very much for the lovely gifts which you brought back from Israel for Mrs. Dulles and myself. Mrs. Dulles was especially impressed by the craftsmanship of the gold and turquoise necklace, and immediately substituted it for the one she had intended to wear to dinner last night. The fine cigarette box will be a useful and ornamental object. I like the design and the attractive way in which the stones are mounted in the cover.

Mrs. Dulles and I were sorry to hear of Mrs. Idan's recent surgery and we are pleased to learn that your mind has been relieved about the danger of future complications. Please extend to her our wishes for a speedy recovery.

With my warm thanks for your thoughtfulness,

Sincerely,

(SIGNED)
